

STANSTED AIRPORT COMMUNITY OUTREACH EVENTS

London Stansted Airport achieved a record numbers of airlines, destinations and passengers in 2017 and expects to reach 35 million passengers per year by the early 2020s.

Over the past 12 months the airport has listened and consulted with the local community to shape the plans to cater for future growth.

The airport is now seeking permission from Uttlesford District Council to make best use of its single runway, within existing flight limits and the agreed noise footprint.

If you wish to learn more about the planning application and our future plans for the airport please visit one of the community outreach events:
